Method 11 Muskox

Length: Measure each horn on the top side. **(L)** Start at the center of the boss at the point where the horn curls downward—do not measure any hide or skull—and follow the center of the horn/grain to the horn tip

Width: Using a caliper, measure each horn at the widest place that is parallel to the center of the skull. Do not measure “green” or “soft” boss material. **(W)**

Greatest Spread: Measure the greatest spread. **(G)**
