

Announcing the 2023  
**Rowland Ward  
 Fair-Chase Hunting  
 & Conservation Award Winners**

Presented by  
**Dallas Safari Club & Rowland Ward**

The Rowland Ward Fair-Chase Hunting & Conservation Award is given once a year by the Dallas Safari Club and the Rowland Ward Foundation for an outstanding old animal that has been hunted free-range and under fair-chase conditions. One award is given for each of these four regions: Africa, Americas, Asia and the Pacific Islands, and Europe.

To qualify, the animals must be taken under strict, fair-chase hunting from a self-sustaining, breeding population, and the animal must be hunted legally and in accordance with the game laws of the country. The award winner must be a strong supporter of conservation and sustainable hunting and must exhibit exemplary ethics while in the field.
